Inspiration®

Version 7.6

Includes resource template CD-ROM
 Inspiration 7.6 software not included.

By Vicki Sharp, Ph.D.

An easy-to-use guide for busy teachers, students, and other professionals.

An activity-based approach helps you create concept maps, graphical organizers, character webs, and brainstorming diagrams in a matter of minutes. What sets this book apart from other Inspiration® books is its rich variety of lesson plans and activities, step-by-step tutorials, comprehensiveness, organization, and extensive use of visuals. In addition, the book includes curriculum standards, which are listed with each activity.

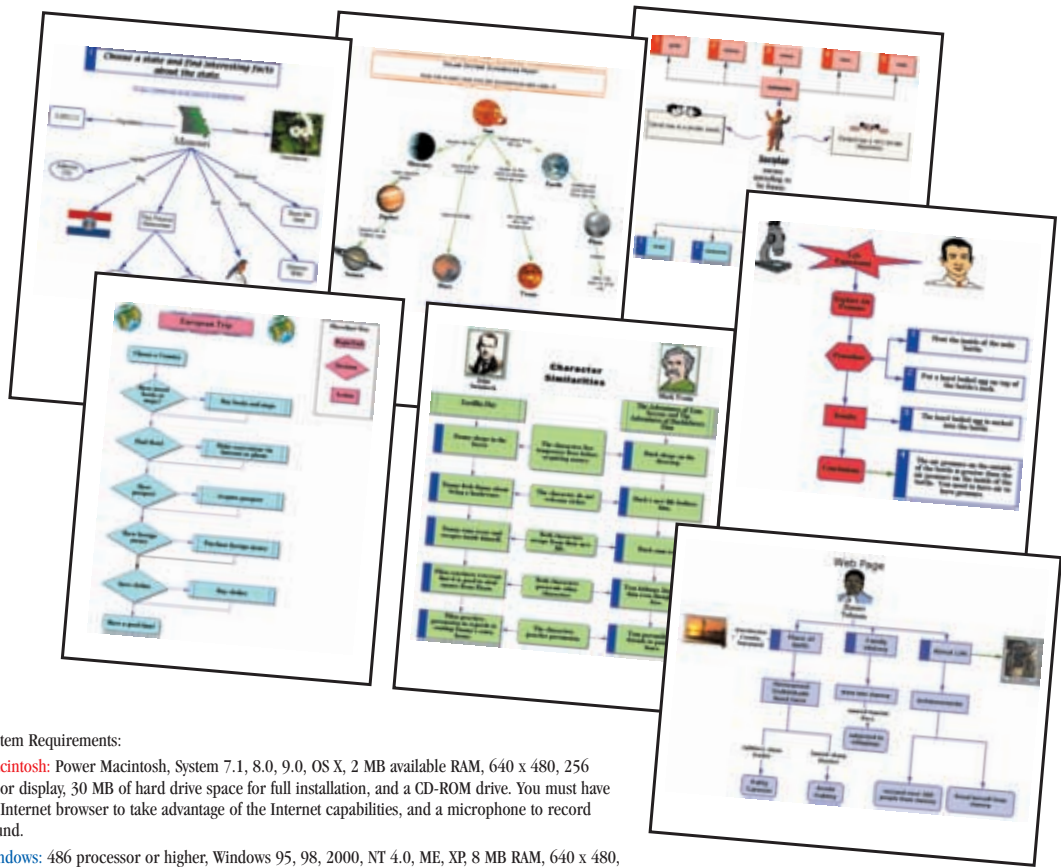

Now has the ability to transfer an Inspiration diagram into Microsoft Word or AppleWorks.

Tutorial section focuses on skills including:

- Using and modifying Inspiration® templates
- Adding symbols and links
- Using the RapidFire™ tool
- Writing hyperlinks
- Working in outline view
- Choosing colors, backgrounds, borders and text
- Using Inspiration's 1,350 colorful, high-resolution symbols
- Using Site Skeleton™ export
- Using the draw tools
- Using template wizard
- Using the transfer button

Template activities section includes instructions for:

- Creating a brainstorming diagram
- Planning a Web page
- Charting your family history
- Understanding the different parts of the human skeleton
- Doing lab reports
- Developing multimedia projects
